

## World Coal Production, Trade, and Demand - 2016

| World Coal Production |                       |
|-----------------------|-----------------------|
| Country               | (Million Metric Tons) |
| China                 | 3,242.5               |
| India                 | 707.6                 |
| United States         | 671.8                 |
| Australia             | 503.3                 |
| Indonesia             | 460.5                 |
| Russian Fed.          | 365.5                 |
| South Africa          | 256.9                 |
| Germany               | 175.6                 |
| Poland                | 130.9                 |
| Kazakhstan            | 97.9                  |
| Other                 | 656.1                 |
| <b>Total</b>          | <b>7,268.6</b>        |

| World Coal Exports |                       |
|--------------------|-----------------------|
| Country            | (Million Metric Tons) |
| Australia          | 389.3                 |
| Indonesia          | 369.9                 |
| Russian Fed.       | 171.1                 |
| Colombia           | 83.3                  |
| South Africa       | 76.5                  |
| United States      | 54.7                  |
| Netherlands        | 40.6                  |
| Canada             | 30.3                  |
| Mongolia           | 25.8                  |
| Kazakhstan         | 25.7                  |
| Other              | 66.3                  |
| <b>Total</b>       | <b>1,333.5</b>        |

| World Coal Imports |                       |
|--------------------|-----------------------|
| Country            | (Million Metric Tons) |
| China              | 255.6                 |
| India              | 200.1                 |
| Japan              | 189.4                 |
| Korea              | 134.5                 |
| Chinese Taipei     | 65.6                  |
| Netherlands        | 55.5                  |
| Germany            | 53.6                  |
| Turkey             | 36.2                  |
| Malaysia           | 28.9                  |
| Russian Fed.       | 24.0                  |
| Brazil             | 19.5                  |
| Other              | 268.4                 |
| <b>Total</b>       | <b>1,331.3</b>        |

| World Coal Consumption |                       |
|------------------------|-----------------------|
| Country                | (Million Metric Tons) |
| China                  | 3,609.6               |
| India                  | 913.9                 |
| United States          | 665.2                 |
| Germany                | 229.9                 |
| Russian Fed.           | 215.6                 |
| Japan                  | 189.4                 |
| South Africa           | 181.3                 |
| Korea                  | 137.5                 |
| Poland                 | 136.1                 |
| Australia              | 119.9                 |
| Turkey                 | 94.8                  |
| Other                  | 962.2                 |
| <b>Total</b>           | <b>7,455.4</b>        |

Data are IEA preliminary estimates.
